◆It-, it ... looks good ... on you.

I hope she likes my old uniform-.

If she comes to school, her usual clothes would stand out one way or another, right?

This is a high school girl!!

World conquest sailor uniform!*

It's not a sailor uniform.

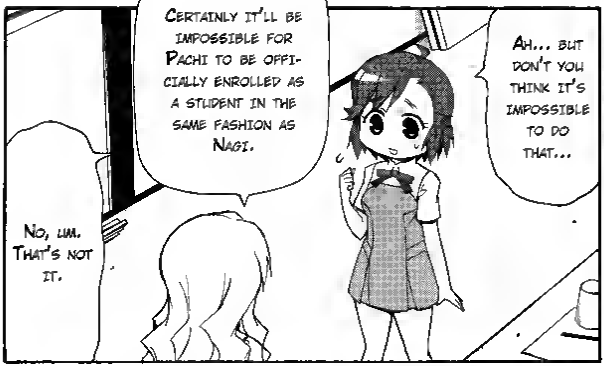
My family hired tailor, Janome-san, adjusted the size exactly.

...That's amazing, senpai.

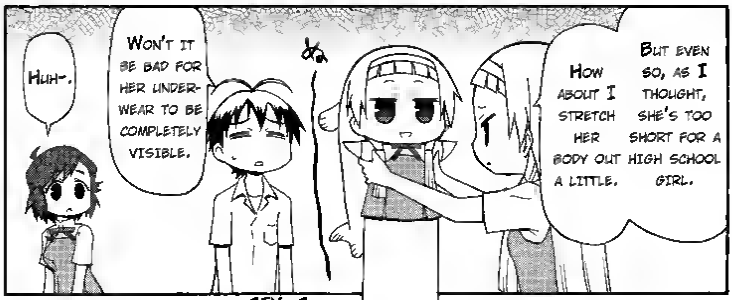
With this, you'll be able to blend in at school as a normal student.

Thank you Shino.

*She makes a fun using "seifuku," which depending on how it is written, can mean "uniform" or "conquest."



Certainly it'll be impossible for Pachi to be officially enrolled as a student in the same fashion as Nagi.
No, um. That's not it.
Ah... but don't you think it's impossible to do that...
Huh-.



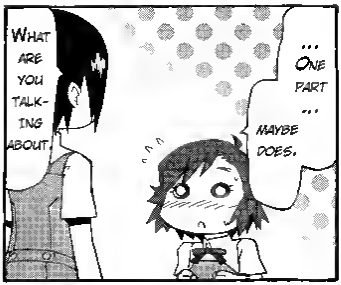
Huh-.
Won't it be bad for her underwear to be completely visible.
How about I stretch her body out a little.
But even so, as I thought, she's too short for a high school girl.

SFX: Stretch.

Um-.
Ah-
Huh-.

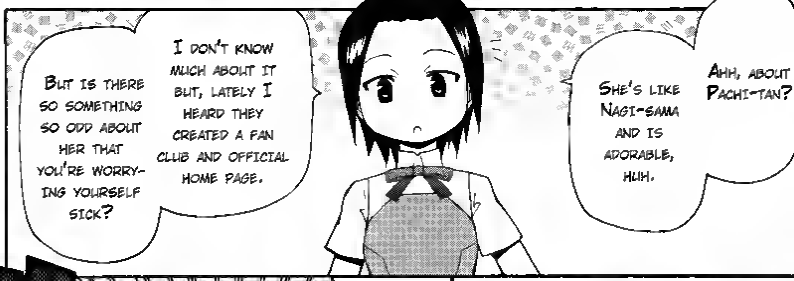
Let me once again welcome you to our school!!
Anyway, it's been easier for Pachi-tan to come to school than ever before!!

Pachi-s-n-
...Is what I feel...
Isn't a normal person.
If I calmly think about it...
Even if I say she's short, she is uncannily small.
And her body can really stretch out.
Plus, the back of her hair is like a fillet.
Come to think of it, she was warmed up by the sun and her body became big and swollen before.....
N-
no, I shouldn't think of my friend as a peculiar animal or something...
Agh... You're just thinking about Jin-kun, huh Tsugumi-
Jin is not a peculiar animal!
Didn't you mean?
SFX: Sudden movement.
No, it's-
Because it was you, I clearly thought-
You were just thinking about Jin-kun.



What are you talking about.
... One part ... maybe does.

Jin's uncannily small too but he doesn't expand and stretch...

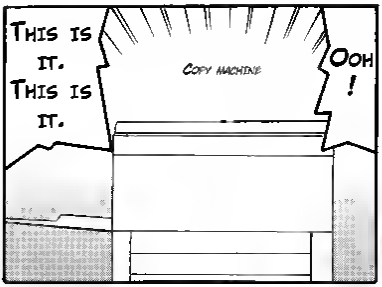


Ahh, about Pachi-tan?
She's like Nagi-sama and is adorable, huh.
I don't know much about it but, lately I heard they created a fan club and official home page.
But is there so something so odd about her that you're worrying yourself sick?

SFX: Startle.
Jin's in danger!!
You were just thinking about Jin-kun, huh Tsugumi-

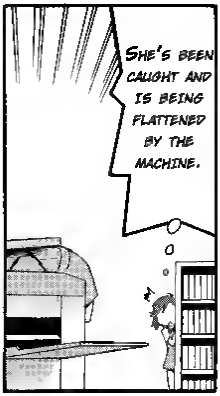
SFX: Spinning.
-If that's the case, that means the people who are w ys close to her re affected the most- In other words
B- ey some chance did Pachi-san produce something from her body that c lised everyone's sense of recognition to go amiss...
Fan club? Does that mean all the regular students view Pachi-san as a regular student?

Ah- Pachi-tan.
The uniform looks good on you.
You're smaller than I imagined-.
I didn't think you were real-.
SFX: Heavy footstep.
I would like to go to the room you call the library.
Alright. I'll guide you there.
Library room?
...I knew it, everyone is treating her as normal.
Am I the only one who thinks of her as strange...?
What sort of book are you looking for?
図書室
What the hell does she intend to look up?
By some chance is that where the secret of making people think of her not as strange lies?
Sign: Library room.

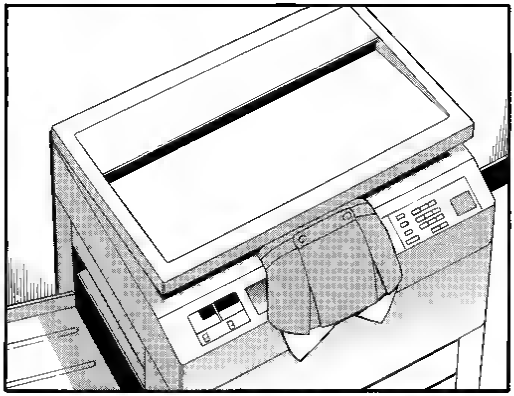


This is it. This is it.
Copy machine
Ooh!

I heard that machine is here.
No... It's not a book.

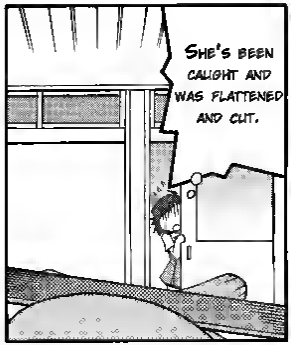


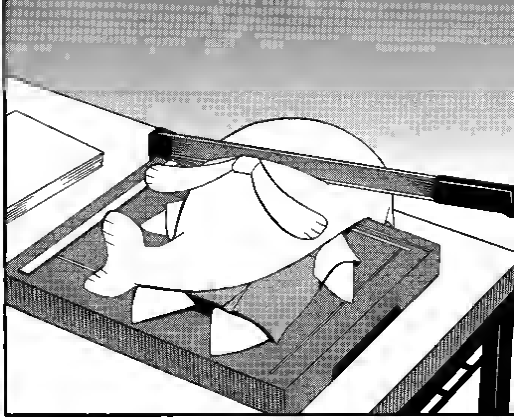
She's been caught and is being flattened by the machine.

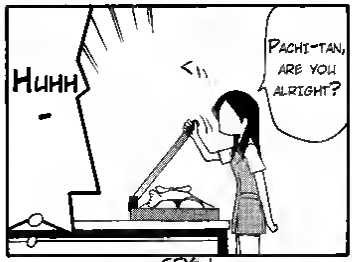


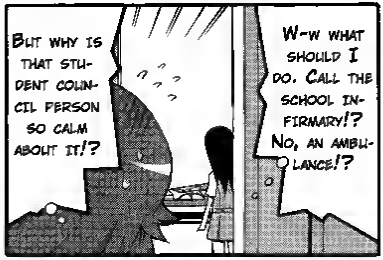
Nevertheless, she's communicating with Pachi like the other students have—
Reduce it to about 1/4th the size and please make about 50 copies.
Can you breathe? About how many pages will you copy?
SFX: Wiggle.

Does she intend to ask permission from student council to hang posters of herself throughout the school?
What's up with her bringing copies of herself to the student council room?
?
In order to make everyone more familiar with Pachi-san....U-m, I have no idea.
Huh-!?
Well then, next I would like to go to the room you call student council.
Ah... Is there that thing like a crab's claw.
What business do you have with the student council?
The student council president isn't here right now...
生徒会室
Sign: Student council room.









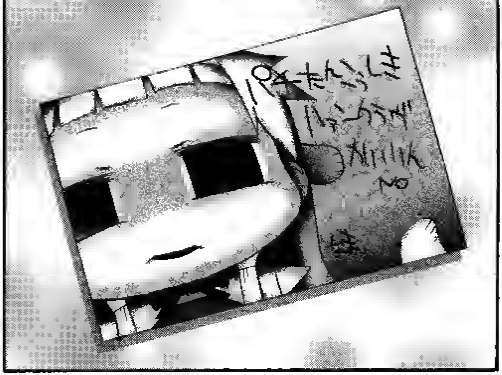
SFX: Lipt.

Still, you scared me a little.
I survived because my head is soft.
The handle inadvertently slipped from my hand and my head nearly became cut in half.
My face became split

SFX: Surprise.

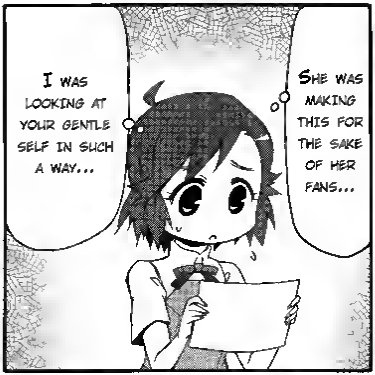
Despite Pachi-san being not normal, everyone thinks she is.
She got caught in the copy machine and plus she was nearly cut in half and everyone acted like it was normal.
In other words, something is coming from Pachi-san to give that impression, so you must not get NEAR HER-!!
Calm down, calm down.
No one thinks of Pachi-tan as a normal girl. Do you?
Ah, senpai ...
That's all!!
Huhh -
What's everyone doing?
Pachi-tan's fan club bylaw first prerequisite! You don't care about her figure/ build.
Second prerequisite Since she doesn't particularly care either, you treat her naturally.
And this is important.
The third prerequisite is that her charming essence is considered repulsively cute!

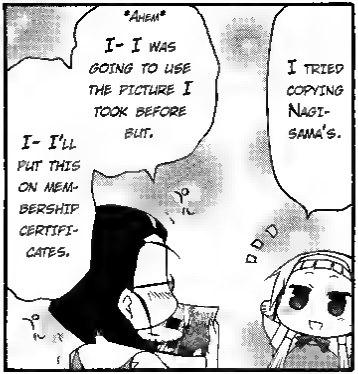
SFX: Sliding door.



Paper: Pachi-tan official fan club member. Number. Name.

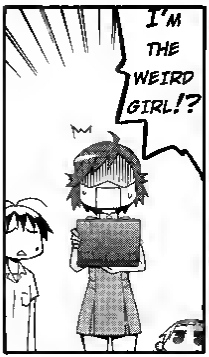
And with this, Pachi-tan has just become an idol. ♪

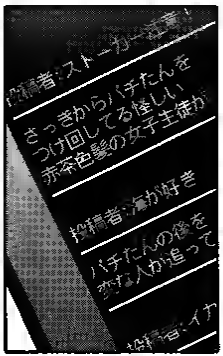


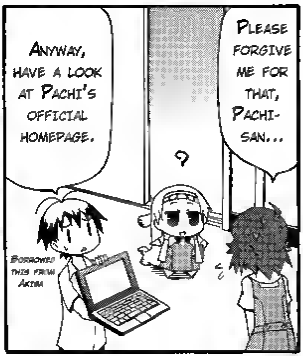


"Ahem"
I- I was going to use the picture I took before but.
I- I'll put this on membership certificates.
I tried copying Nagi-sama's.

SFX: Shake.







Screen: Collectively states posts about a weird, suspicious, reddish-brown haired girl that has been recently following Pachi.

What's with the serious face, Zange-chan.
She even made a fan club- I heard she's been steadily increasing her number of fans at school.
It's Pachi-san. Pachi-san!
What is.
Furthermore, due to her lovableness, there's reports that even our fan club members have started to join her fan club!!
Her fan base includes men and women alike!!

That is a serious matter.

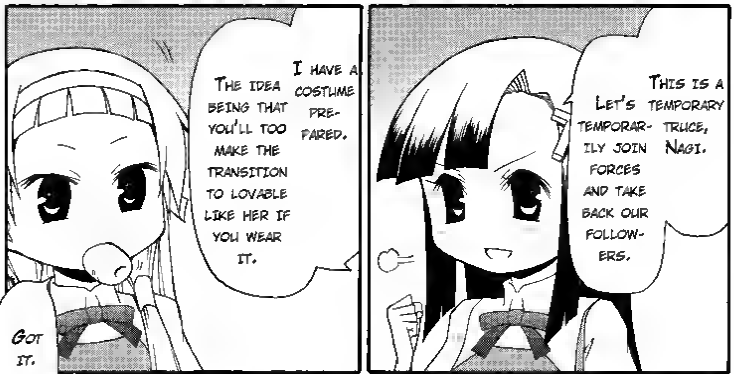
And so, I've thought about it.
It is said that her charm is based on not only her lovableness but also her repulsive cuteness.
In that case, we should do the same thing.
The same thing?



This is a temporary truce, Nagi.
Let's temporarily join forces and take back our followers.

Takako... If you were feeling this troubled, I would have been glad if you talked about it with me first.
So this time I prepared a wig this time to correspond with the outfit.

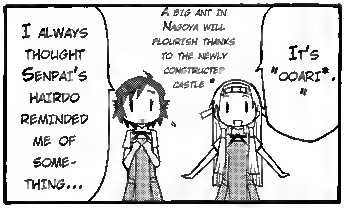
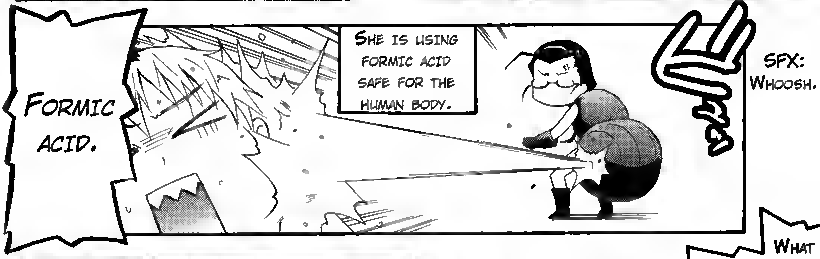
...Well, this is "acceptable," isn't it?
It's "acceptable."

*The words that have been used for "no good" and "acceptable" are "nai" and "ari," respectively. "Ari" depending on how it is written, can mean "ant." So what they were saying on the previous page was ambiguous. "Ooari" can mean "very acceptable" or "big ant," though she means the latter here.



I always thought Senpai's hairdo reminded me of something...
A big ant in Nagoya will flourish thanks to the newly constructed castle.
It's "ooari".



*This is a folk line she made up. The original line is from an Japanese folk song called "Ise Ondo." The line is "Owari Nagoya wa shiro ga motsu," which means like "Nagoya in Owari will flourish thanks to the newly constructed castle." What I just said was "Owari Nagoya wa shiro ga moesu."

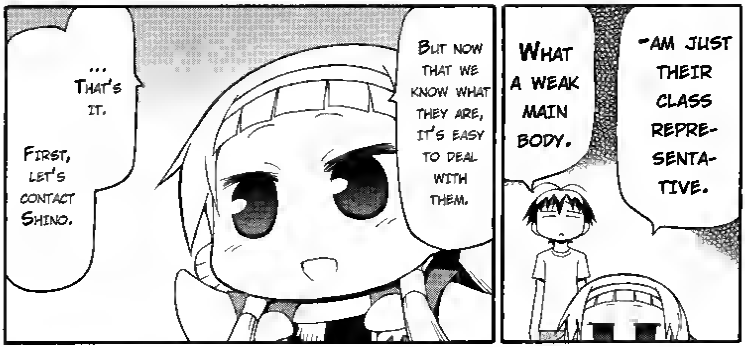
I know about it.
You're probably surprised.
I've realized now that the figure I picked up the other day was my spiritual alter ego. *
...Rather, my spiritual alter ego.

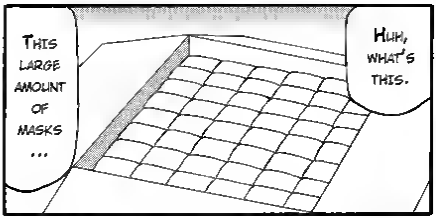
* Chapters 21-22 reference.

To them, I-
Can't you order them to stop?
Rather, you're the main body, right?
They unnoticingly became smaller and smaller and most likely scattered around town.
So in other words, does that mean they're acting as imitation pollen...

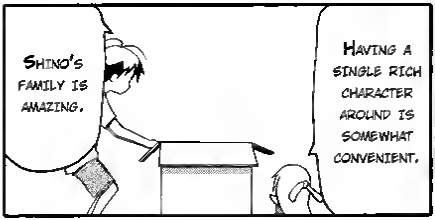


-am just their class repre-senta-tive.
What a weak main body.
But now that we know what they are, it's easy to deal with them.
...That's it.
First, let's contact Shino.

Ah, Pachi-tan.
Huh-Yeah.
Well, That much of them...?
I think I can prepare it right away.

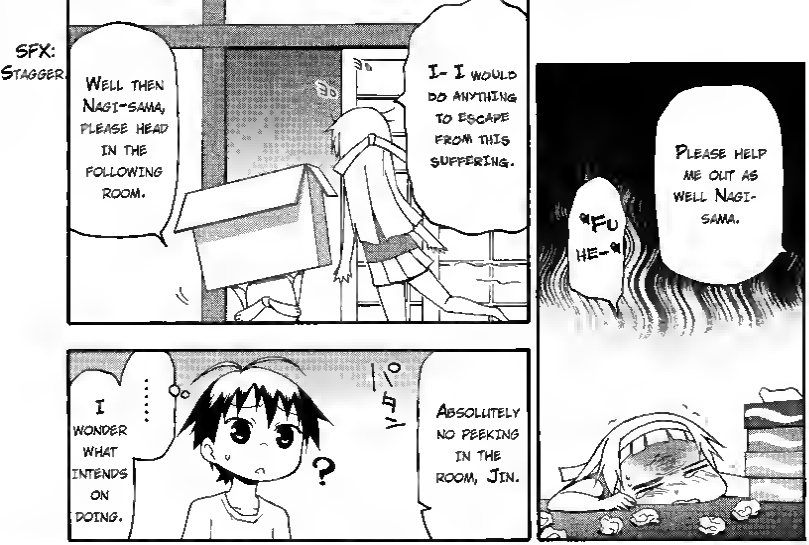


Huh, what's this.
This large amount of masks ...

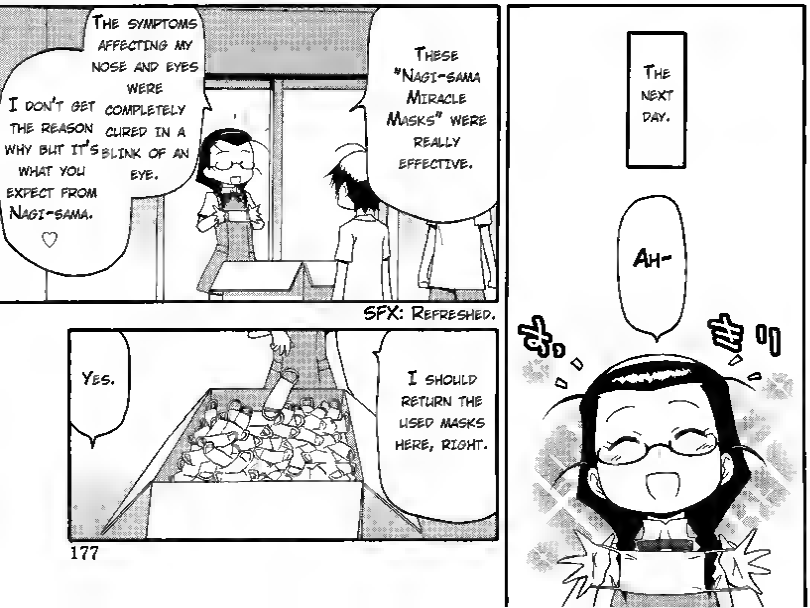


Having a single rich character around is somewhat convenient.
Shino's family is amazing.

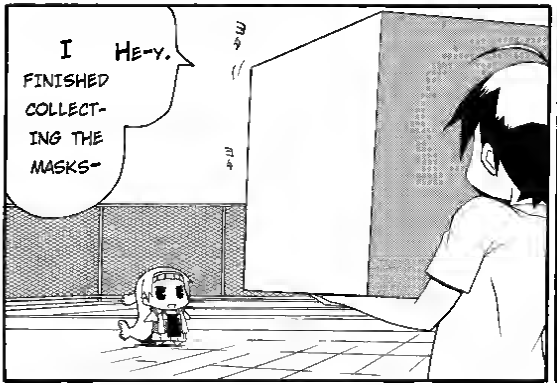
30 min-utes later.
Bye.
Good work.



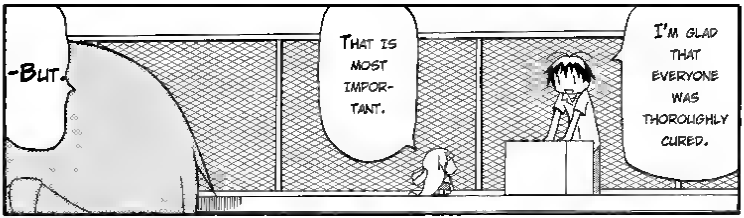
SFX: Stagger
Well then Nagi-sama, please head in the following room.
I- I would do anything to escape from this suffering.
Please help me out as well Nagi-sama.
"Fu he-"
Absolutely no peeking in the room, Jin.
I wonder what intends on doing.
?
SFX: Door closing.



The symptoms affecting my nose and eyes were completely cured in a blink of an eye.
These "Nagi-sama Miracle Masks" were really effective.
I don't get the reason why but it's what you expect from Nagi-sama. ♡
SFX: Refreshed.
Yes.
I should return the used masks here, right.
The next day.
Ah-



SFX: Stagger.
I finished collecting the masks-
He-y.
SFX: Stagger.



-But.
That is most important.
I'm glad that everyone was thoroughly cured.

But this mask's effectiveness is incredible.
It smells kind of good!
What sort of method did you use?

Moreover, I'm submerged in water...
Please wait a little longer.
SFX: Bubbles.
SFX: Bubbles.

I wonder when I will be cured.
Sniff
Sniff

"Smell"?
In other words, Yesterday-
They will head toward their favorite smell by instinct.
When they become real small, their intelligence extremely lowers.
!!
Uu...
-and her body odor fully soaked into the masks.
I got Nagi to sleep in the middle of the masks-
Ahh-
SFX: Grab.
All that's left is to return them to normal.
I used that instinct and made them move into the masks...
They were attracted to people who had been around Nagi because of Nagi's scent lingered on them and they got inside their bodies.
SFX: Sneaky.

SFX: Dramatic.
SFX: Loom.
SFX: Rustle.
I just have to gather them in one place and add moisture to them to return them back to normal.
Spiritual Alter Ego Instrumentality Project!!
SFX: Loom.
Uwa-
Please get rid of the real hay fever too....
SFX: Soft.
You sound like it's someone else's problem.
I don't think this is the last we will see of them...
But, this is the inflated size when they absorb water, right?
Sorry for causing you trouble.
With that, they should be complete.
SFX: Soft.
SFX: Serious.

It seems that she has noticed something again.
...If you think about-
You could say that Tsugumi is a close being to me.
Huhh Tsugumi?
!?
With who?
Both of them are in unrequited loves-
Ohh.
...What's this now.
How is she close.
Certainly now that you mention it-
SFX: Mutter.
A biological feature. -In other words.
No, no. Not an emotional aspect, Nagi-sama.

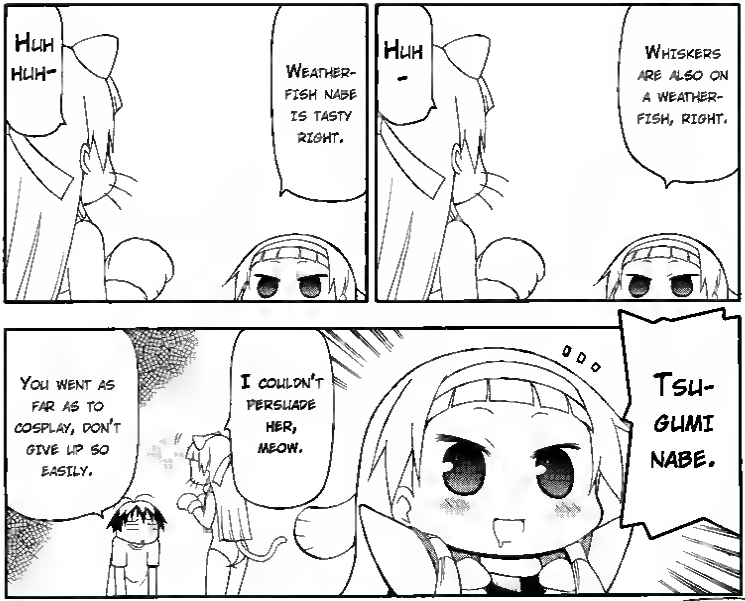
What's the matter, Nagi-sama.
Are you okay.
Liiwaa...
Don't be so openly afraid.
That cat's feature on the side of it's face is-
Long whis-kers!!
In other words, Tsugumi's things aren't gills.
They are whiskers!!
I see, whis-kers...
Do you know about cats?
Well for sharks, they're gentle...
That is a bullhead shark.*
*(Lit: Cat shark).

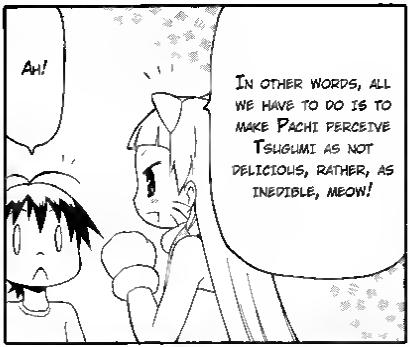


Huh huh-
Weather-fish nabe is tasty right.
Huh -
Whiskers are also on a weather-fish, right.
You went as far as to cosplay, don't give up so easily.
I couldn't persuade her, meow.
Tsu-gumi nabe.
I see!
I can't deny that.
Ah-Yeah.
I thought Tsugumi was well-rounded and plump.
And I thought she seemed delicious...
I double checked when I found the gills but...
To be honest, for a long time-
Rather, what are you so fixated on eating Tsugumi.

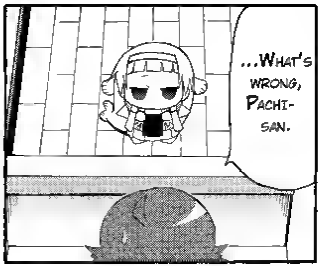
SFX: Meow!

SFX: Shyness.

From here on, we'll make change how you perceive Tsugumi.
Alright! Pachi, stand up straight.



Ah!
In other words, all we have to do is to make Pachi perceive Tsugumi as not delicious, rather, as inedible, meow!



...What's wrong, Pachi-san.

I wouldn't have thought those things-
...I had the wrong idea about you.

SFX: Ding Dong.

Is Jin-

Without digesting body oil, you will get diarrhea~
In addition, your body fluids are comprised mainly of ammonia.

Were buccal cones ...

SFX: Sliding door.

To think you would be badmouthing me to Pachi...
...And after me and mother went through the trouble of making dinner for you guys.
Ah, Tsugumi you're here.
It's unfortunate that I can't eat you
-That is what they taught me.

I didn't think a clione was such a frightening animal ....

Chicken and egg rice bowl.
Why are you so mad, Tsugumi.
And after I went through the trouble of making Pachi not eat you...
She left something behind.

But it is pudding right?
I thought it was pudding.
Nagi-sama, please back me up on this.
That it's not pudding.
You weren't making yourself a pudding head on purpose?
I thought it was-
-a representation that you liked pudding.
I thought it was-
-like an artistic activity or something for pudding.
No matter who looks at it, it's pudding.

No... I don't really have a special fondness for pudding.
